Full Scale Sundial Template Calculator - Metric

I t ™s been a hectic week and I haven ™t got as much done as I wanted (in the way of craft!). I thought I would get these paper gem templates up and then maybe you could make something with them if you fancied? I had lots of really great suggestions as to what to do with them so thanks for the input (see comments section in previous post).

An electric clock is a clock that is powered by electricity, as opposed to a mechanical clock which is powered by a hanging weight or a mainspring.The term is often applied to the electrically powered mechanical clocks that were used before quartz clocks were introduced in the 1980s. The first experimental electric clocks were constructed around 1840, but they were not widely manufactured ...

Electric clock - Wikipedia

An atomic clock is a clock device that uses an electron transition frequency in the microwave, optical, or ultraviolet region of the electromagnetic spectrum of atoms as a frequency standard for its timekeeping element. Atomic clocks are the most accurate time and frequency standards known, and are used as primary standards for international time distribution services, to control the wave ...
