Like when writing a story, the language you use is not a big deal. Programming is not about the language you use. In some programming languages, like in Python or Ruby, it's a bit easier to grasp some concepts because they read more like plain English.

Which Programming Language Should I Learn First?

PHP is easy to learn as compared to JAVA because it is easier to learn and use. That is why there are so many PHP developers these days. The developers can use JAVA, PYTHON or .NET, it is completely up to them but from my point of view PHP had significant edge over its competitors as it is open source and stable.
