JobTestPrep's Free Psychometric Tests Guides: PDF Download

Psychological testing is the administration of psychological tests, which are designed to be "an objective and standardized measure of a sample of behavior". The term sample of behavior refers to an individual's performance on tasks that have usually been prescribed beforehand. The samples of behavior that make up a paper-and-pencil test, the most common type of test, are a series of items.

Moving from back office to front office? Every year, a lot of young professionals decide to start their careers in investment banks' back offices. People work in back offices for various reasons: easier hours/lifestyle, because they did not make it into a front-office job and hoped it was the best step towards the front office, or because they simply didn't know the difference between back and ...
